Wednesday, December 14, 1864.

quite as well as the result of the rebody hurt" complacency which per25th Mich. Inf.—to whom Prentice ited to the capture of the outer defences of Mobile bay. inefficency of "the government."

stantially a branch of the national. though private property, and of course upon this comfortable theory, figures as so much additional wealth to the nation. The war is thus summarily disposed of:

annual message, all the important lines and positions then occupied by our forces have been maintained, and our armies have steadily advanced, thus liberating the negroes left in the rear, so that Missouri, Kentucky, Tennessee, and parts of other States have

The most remarkable feature in the Sherman's attempted march of 300 crease of our relative strength, that our General-in-Chief should feel able our General-in-Chief should feel able to confront and hold in check every netive force of the enemy, and yet to detach a well approinted large army to sult not yet being known, conjecture in regard to it is not here indulged.

and may if need be, maintain the conmeans to be regarded as improbable that proceeding necessary. in view of the Executive ultimatum promulgated last summer at Niagara occurs the following language:

journal in N. Y. and a radical organ of " the most straightest seet :"

ABSURD LEGISLATION. - Mr. Stevens, of Pennsylvania, signalized his return to Congress by a silly project for making water run up hill, and for turning the wind to a new point of the compass by shifting the weathercock. He wanted to regulate the price of gold, which is as much subject to the eternal laws of trade as the tide, in its rise and fall, is to those of nature, by an act of Congress. Resolved, said the results of the campaign of 1864 Jack Cade to his admiring companions, that "there shall be in England point:

as reviewed from a confederate standing indefeasible rights.

Before leaving this subject it is gratseven half-penny loaves sold for a penny; the three-hooped pot shall have ten hoops; and I will make it felony so little is known of political economy; but his bill to bring gold to a level with an irredeemable paper currency is scar ely more preposterous than any of the schrmes of Shakespeare's leader of the populace.

The first effect of this plan to keep gold down, by catching it in a net and holding it down, was to send it up like one of those red bladders that the boys sell in the streets. If Congress had not promptly laid the mis-chievous scheme on the table, gold would have been at three hundred before next Saturday night. All other commodities would have gone up in proportion, and poor and rich alike would have been subjected to new ex-

COLONEL MOORE.

ably satisfactory" condition of our "My God, Fred, I wish that you occupied by the enemy are now free tration of financial affairs which has resulted in a national debt of "one fight at Franklin. I have seen pic-"ninety thousand four hundred and see them all thrown into the shade as they were by Col. Moore on that even they were by Col. Moore on the collaboration they were by Col. "cents," with a probability of its in-crease, should the war continue for his sword over his head, he spoke to another year, by not far from five us as cheerfully as though sitting in hundred millions. This being held safety at home. Were I to attempt parties to break up our railroad comparison to be a safety at home. for the most part by our own people, to describe him those not present the destruction of a large part of the gency, we never had.

command of our division or brigade four months ago, to capture the town The war continues. Since the last I have been woulderfully enameded of Petersburg.

The army of Gen Sharman.

President's recommendation of an in- any ultimate advantage from this succreased naval force on the lakes will coss. The same general who, in Febundoubtedly be concurred in by Convary last, marched a large army from With which to build temporary works.

Vicksburg to Meridian with no other

With all it was surely a night of nesses, and parts of other States into again produced reasonably fair crops. greas, the reasons therefor being so result than being forced to march back fully apparent, more especially in view again, was able, by the aid of greatly military operations of the year is Gen. of the recent decision of the Canadian increased numbers, and after much Sherman's attempted march of 300 of the recent decision of the Canadian delay, to force a passage from Chatmiles directly through the insurgent Courts in the case of the St. Albans tanooga to Atlanta, only to be for the region. It tends to show a great in-crease of our relative strength, that set at liberty on the ground of a want the line of his advance, without obdetach a well appointed large army to preparation for the defence of our beyond the precarious possession of a move on such an expedition. The reborder and the lake marine. The few fortified points in which he is border and the lake marine. The few fortified points in which he is border and the lake marine. President says in his message:

In view of the insecurity of life in capture. The people are congratulated upon the region adjacent to the Canadian the result of the election, and upon the fact asserted that notwithstanding the fact asserted that notwithstanding dations committed by inimical and the region adjacent to the Canadian border, by recent assaults and depredations are fraught with instruction and encouragement. Repeatedly at the mercy of the encour, but for the devastations of war we have more desperate persons who are harbored during the men and material now than we had there, it has been thought proper to peditions been directed by the enemy men and material now than we had when the war began; that we are not exhausted nor in the process of exhaustion; that we are gaining strength, united States must hold themselves at in no instance have the promised fruits test indefinitely, a continuation by no ment upon the lakes, if they shall find

THOSE SHELLS.—The use of some promulgated last summer at Niagara shells recently, of extraordinary in-falls and re-iterated in the concluding flamable power, has demonstrated the paragraph of the message wherein feasibility of reducing to ashes either Petersburg or Richmond. Guns now on the way here will throw shells into As to slavery, I repeat the Procla- Richmond from our batteries in front mation made a year ago; and while I of the 18th corps, a distance of seven bility of the government. We may, remain in my present position I shall miles. With these guns in position, not attempt to modify or retract the and projectiles prepared, our gunners Emancipation Proclamation, nor shall can destroy Richmond in forty-eight I return to slavery any person who is hours. A particular kind of shell

consummation. Those "seven milers" ing a free people. The truth so patent to us must ero long be forced upon of the literal fire and brimstone persuasion will be all in vain, as hereto- are no vital points on the preservation fore until some master stroke touches of which the continued existence of the fuse which shall ignite and ex- the confederacy depends. There is

paign of 1964.

President Davis' in his annual message gives the following summary of ure which must continue until he shall

At the beginning of the year the state of Texas was partially in possesto drink small beer." Mr. Stevens is not so ignorant as Jack Cade, nor does he live precisely in a time when so little is known of political economy; known to remain except as prisoners of war. In northwestern Louisiana a large and well appointed army, aided by a powerful fleet, was repeatedly defeated, and deemed itself fortudefeated, and deemed itself fortunate in finally escaping with a loss of number of the citizens of Oakland one third of its numbers, a large part the narrow district commanded by the guns of his fleet. Arkansas has been recovered with the exception of a few fortified posts, while our forces have two separate teams, were drawing

suppressing speculation, was more likely to suppress commerce itself.

And this from the Seginaw Enterare different points, he has afforded us price:

Operations. Compelled, therefore, to withdraw or seriously to weaken the and apright citizen. He leaves a wife and three children.

Mr Axford was buried on Monday to cross a narrow bridge, and the foe In the House, Mr. Stephens intro- sion of extensive districts of our ter-TRE MESSAGE,

Of President Lincoln possesses the merit of being brief, if brevity is a merit where nothing in particular is said about anything in particular except the inevitable nigger. As a whole we think it suits Democrats quite as well as the result of the require as well as the result of the require as well as the result of the re sources at his command, has been lim-

If we now turn to the results nevades the document as well as its au-thor, is beautifully calculated to tem-knocked under after his memorable so confidently relied on by the invaders per down any indignation which may fight with the rebel General, Morgan, as sufficient to secure the subversion of our governmen and the subjection of our governmen and the subjection of our people to foreign domination, the bravest and most efficient of all corruption, inconsistency, imbecility or the brave and efficient officers Michi- gratitude to Divine Power. In southulatory throughout.
